Preliminary Amendment and Response to Notification of Defective Response dated March 4, 2008

REMARKS

Claims 1-7 are currently pending in the present application.

The specification has been amended to replace the originally filed Sequence Listing

with the attached Substitute Sequence Listing. In response to the Notification of Defective

Response, Applicants append herewith a printed (pdf.file) copy of a written Substitute

Sequence Listing along with a corresponding electronic (txt.file) copy of the Substitute

Sequence Listing recorded in computer readable form. Applicants submit that the content of

the electronic copy of the Substitute Sequence Listing is identical to the printed copy of the

written Substitute Sequence Listing. Applicants further submit that the sequence shown in

the electronically filed Substitute Sequence Listing is identical to the sequence contained in

this application as originally filed. Support for the sequence listed in the printed, and

corresponding electronic, Substitute Sequence Listing is found within the present application

as originally filed. It is believed that no new matter has been introduced by the amendments

to the specification and the submission of the attached Substitute Sequence Listing.

In view of the foregoing, Applicants respectfully submit that the present application is

now in compliance with 37 C.F.R. §§ 1.821-1.825. Therefore, withdrawal of the Notification

of Defective Response is respectfully requested.

Applicants submit that the present application is in condition for examination on the

merits, and early examination of claims 1-7 is earnestly solicited.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
